

Lions Club of Maidenhead CIO

GRANT MAKING POLICY

The Objects of the Lions Club of Maidenhead CIO

Under the terms of the Club's constitution, the members and trustees of the Lions Club of Maidenhead CIO (hereinafter referred to as 'the Club') apply funds at their discretion, making grants where they believe that their contribution will make a real difference. The Club can only make grants in furtherance of its charitable objects; the details of the Objects of the Club are shown in Appendix 1 to this document.

Nothing in this policy precludes the Club from agreeing to donate funds to a specific cause or project as proposed at a club meeting, advance notice of at least 14 days should be given. However, emergency proposals may be considered at a club meeting at the Club's discretion.

Priorities for Support

The number of applications that can be supported is, of necessity, limited to the amount of funds available for distribution in any one year. The Club has determined that the priorities for funding will be as follows:

- subject to other elements of this grant-making policy, no restrictions are imposed on the purpose for which a grant may be made. Thus, applications for support towards capital projects, other projects or core costs are considered.
In awarding grants the Club may work with other Lions Clubs or organisations to fund a large project or purchase;
- as there are numerous Lions clubs in the UK, applications from the Maidenhead area are generally given priority, along with those from within the county of Berkshire. The Club also considers national and international funding requests referred to them by the Lions Clubs International organisation;
- applications for support and/or grants are all considered on their own merits, but the Club will not normally support applications from national charities (unless it is attributable to their local branch), or charities dedicated to issues deemed by the Club to be already well funded;
- given that most of the available funds are raised within the local community, those candidates that are local are given special consideration.

Exclusions

The Club will not normally approve the use of funds for purposes which the government or local authority have a statutory responsibility to provide.

Club Grants or awards

The specific award schemes that the Club currently has are detailed in the attachments to this policy, with their own particular rules.

All applicants should note that the Club receives far more applications than they have funds to support. Even if a project fits with the criteria and priorities of the Club and a detailed assessment has been made, the Club may still be unable to provide the grant.

Monitoring

It is the policy of the Club to monitor as appropriate all grants made. As part of that process, the recipient will be asked to provide receipts and copies of invoices.

Appendix 2 – Community Services Committee Awards

The Community Services Committee receives and considers all applications for individuals and families in need of support, from local organisations such as RBWM social services, CAEB (Citizen's Advice East Berkshire), Community Mental Health. Applications are not accepted from an individual or family directly; the Club requires that the application is made by their supporting professional. Generally, referrals are for local families in need of financial support for goods or services (some exceptions are made), and a second request will not be considered in any 12-month period unless circumstances are exceptional.

The Community Services Committee has authority to make grants of up to £500. Over this amount, if a request is deemed appropriate, the proposal will be made to club members at the next club meeting to approve that grant. The notice of the proposal must be circulated to all club members at least 14 days prior to the date of the business meeting.

The assessment process will be as follows:

- All applications **must** be supported by a completed Community Services application form which can be obtained by a request:
 - direct to CSC@maidenheadlions.org.uk, or
 - via the web site contact link on www.maidenheadlions.org.uk, or
 - through lions@maidenheadlions.org.uk.
- All Community Services grant applications will be subject to initial assessment by the Community Services Lead to ensure that they meet the basic criteria for funding. A proposal amount is then submitted to the committee for approval or discussion. If necessary, the proposal will be debated by all club members at following business meeting. Details provided to the Club at that meeting will be anonymized to ensure no personal details are divulged.
- The Community Services Lead will report to the full Club at its meetings brief, anonymized, details of all applications, and whether or not granted;
- The Community Services Lead is responsible for ensuring that the Community Services Committee and the Club are made aware of repeated applications from individuals or groups/organisations;
- The Community Services Lead will aim to write to all applicants informing them of the outcome of their application for funding within three months of the date of the application; the Club is not obliged to provide an explanation to the applicant should their application be unsuccessful. However, the Club does realise the importance of feedback and will, where appropriate, provide suitable comment to the applicant.
